Dear Christian, Martin, Alexander, and Heinz-Jurgen,

Thank you for writing to our organisation. It warms our hearts to receive letters from students like yourselves who are interested in and support the work that we do at TAC. As you have learned, it has been and continues to be an upward battle to ensure that affordable, life-saving medications are available to all South Africans with HIV/AIDS. Thus, letters like yours help to renew our energies.

We are delighted to hear that you will be including information on TAC and the work that we do on your web page. We hope that your web page receives many visitors so that more people can learn about TAC.

I have enclosed two copies of our recent newsletter, Equal Treatment, for your class to read and learn from. I hope that you enjoy the articles that are included in it. We plan to include your letter to us in the next addition of the newsletter!

Again, thank you for your support.

Yours in the struggle,
